CSCI 151 (Fall) — Midterm Exam 1

(9 questions — 20 points in total)

Ballroom Left | **1**

First Name: _____

Last Name: _____

Lecture Section
(circle the number of your section)

1	2	3	4	5
9:00	10:30	12:00	13:30	15:00
10:15	11:45	13:15	14:45	16:15

Lab instructor: (tick the right box)
☐ **Iliyas Tursynbek** (Sections 1–5)
☐ **Olzhas Adiyatov** (Sections 6–10)

You must be in the room assigned to you to take this exam! There will be a 1 point deduction from your grade if it is found out that you were in the wrong room. You will be given **60 minutes** to complete the following midterm exam 1 worth **20 points**. You are not allowed to use notes, computers, mobile phones, calculators, any paper other than this, or your neighbours during the midterm exam 1 – it is just you and your pen, pencil, eraser and/or correction fluid. Students are required to follow all instructions given by the examiners, and required to show proper ID when asked. Talking with other students is NOT allowed under any circumstances. Moreover,

- nobody can leave the room during the first 30 minutes;
- nobody can leave the room during the last 10 minutes;
- you can leave at any other time, provided you hand all papers, but you will not be readmitted to the examination room.

When the time is up you are requested to remain at your seat to allow the proctors to collect the papers and wait to be instructed to leave.

Note: **You may use any space outside the answer boxes for calculation or reasoning. For questions 4–9, whatever you write below or, in general, outside answer boxes will not be considered in the assessment.**

Warnings, suggestions and checklist:

- Read carefully the text of each exercise before and after completing the exercise (after you complete the exercise check whether you have correctly and fully addressed all questions).
- For questions 4–9 only the answers given in the boxes will be graded. However, the absence of any reasoning outside the boxes may be considered evidence of cheating.
- In case of ambiguous or multiple answers to the same questions only the least correct answer will be considered for grading.

Before starting, write your first name and your last name, circle your lecture section number and tick the name of you lab instructor above where requested, and sign below.

Good luck!
